Our DJs have a complete music library including the most requested artists and songs to celebrate your wedding reception. It is not necessary to list every song you want played during your event. We do our best to accommodate your requests. However, if you want a song that is difficult to find, you may furnish it for us to play. We will be glad to use your original CD, labeled with your names and reception date.

Please rank your musical preferences from 1 (most favorite) to 10 (least favorite):

- _____ 50s & 60s _____ 70s & 80s _____ Big Band _____ Jazz _____ Disco
- _____ Rock _____ Top 40 _____ R & B _____ Hip Hop _____ Country

During dinner, we reduce the sound level and play the most recognized love songs. Following your special dances (first dance, father/daughter, mother/son, etc.) your reception will swing into high gear. Please list 10 songs that should be given priority for your reception (optional):
